

Name _____

WINDOWLESS ROOM

Directions: As you explore the online information, record the answers to the questions below.

1. How are the mirrors of a periscope generally angled?
2. For what purpose do submarines use periscopes?
3. Why are periscopes used infrequently by submarines?
4. List two other uses for periscopes besides submarines:
 - A.
 - B.

Directions: Working with your team, design a periscope (with a sketch) that will allow you to see the weather outside from a windowless room.

Bonus Challenge: How would you make sure you could see outside during the night?
